Professional Experience

Senior Frontend Developer

Deltek
2012 – 2026 | Global Enterprise Website (100+ pages, 10 languages)

Official titles:
Marketing Communications Manager (2022–2026)
Marketing Communications Specialist (2015–2021)

- Implemented and optimized frontend features for Deltek's global corporate website within a multilingual Sitecore CMS environment
- Worked daily with HTML, CSS, and JavaScript to implement UI updates, campaign content pages, blogs, partner pages, press releases, and other site features and content
- Improved website performance and accessibility by identifying and resolving issues using Siteimprove analytics and SEO tools
- Strengthened SEO visibility by developing and implementing targeted keyword strategies for corporate web content
- Streamlined publishing workflows by leveraging AI tools to accelerate content-to-HTML conversion
- Collaborated with marketing and global stakeholders to execute enterprise web initiatives

Technologies: Sitecore, HTML5, CSS3, JavaScript, Siteimprove, Eloqua, Adobe Creative Suite, AI tools

Frontend Developer / UI Designer

HRsmart Philippines (Acquired by Deltek)
2012 – 2015 | Global Corporate Website (100+ pages, multilingual)

- Led HRSmart's complete website redesign from concept to production, contributing to its growth and eventual acquisition by Deltek.
- Solely responsible for the design, frontend development, and content management of HRSmart's corporate website
- Developed and maintained Drupal-based CMS implementation
- Worked daily with HTML, CSS, and JavaScript to deliver responsive, standards-based interfaces

Technologies: Drupal, HTML5, CSS3, JavaScript, Git, Adobe Creative Suite, WordPress

Freelance / Remote — 2016 – Present
Frontend Developer / Web Designer

- Built responsive web interfaces and single-page applications (SPAs) using React for local and international clients
- Created reusable UI components and optimized frontend performance
- Integrated CMS and API-driven content for dynamic projects
- Managed end-to-end delivery from design mockups to production
- Created occasional graphics and UI assets using Adobe Creative Suite

Technologies: HTML5, CSS3, JavaScript (ES6+), React, Git, WordPress, Adobe Creative Suite

Earlier Experience

Cebu Denmark Animation Studio Inc. — Web Designer (May 2010 – 2010)

- Designed and developed web projects using HTML/CSS/Flash for Danish outsourcing clients
- Created graphics, banners, and brochures for web campaigns

Eighty–Eighth Floor Gifts Inc. — Web Designer (Apr 2006 – 2009)

- Maintained corporate websites, intranet, and templates
- Produced Flash animations, HTML/CSS, and print marketing materials

IRMTV / Art Department — Web Designer / Video Encoder / Graphic Artist (2004 – 2006)

- Created designs, layouts, and vector graphics using Adobe Illustrator and Photoshop
- Developed Flash websites, encoded videos for streaming, and handled print production assets
